April 30–May 2 • October 29–31 • Ripon, Wisconsin

Expand your knowledge of Cissell laundry equipment at the Technical Service Training Seminars held at the World Training Center in Ripon, Wisconsin.

Our product trainer will lead in-depth discussions on operation, installation, maintenance and diagnostic methods for Cissell laundry equipment. You will learn how to diagnose electrical systems, read wiring diagrams, troubleshoot gas systems and understand electromechanical and microprocessor controls. In addition, you will receive a plant tour, product manuals and a certificate of attendance.

Whether you're an experienced Cissell service technician or want to learn more about Cissell products, our seminars will take you step-by-step through the technical aspects of laundry equipment.
